Bismarck:  
“Smile & Move”  

Smile & Move is a reminder to happily serve the people around us. There are 5 ways to smile (wake up, be thankful, be approachable, complain less, smile more) and 4 ways to move (start early and go long, exceed expectations, have a sense of urgency, be resourceful and resilient). Each point is introduced and discussed in order to create a higher level of awareness that encourages training participants to be more positive and action-oriented in their service to others.

Fargo:  
“Turning Up Your Joyful Meter ”

When my teenage daughter told me to “turn my joyful meter down,” I decided to not only ignore her advice, but to share that message with others as well! You will leave this session energized and ready to live with intention. In this session, I create a compelling case for joy and help you re-discover what brings you joy and how to keep your ‘joyful meter’ at maximum capacity.
